

Pharmaceutical Chemicals

Our portfolio of raw materials addresses the needs of producers of medicine, veterinary drugs, pesticides, biocidal products, dialysis solutions, natural nutritional supplements, feed additives and premixes, as well as dermocosmetic products. We provide the quality documents requested by our customers such as GMP, ISO, Halal, Kosher, Non-GMO and allergen certificates. In addition, when it comes to providing raw materials and samples to our customers for their R&D studies, we provide our products in a sustainable manner by giving swift and stable services through our global supply network.
