

## TEXTILE CHEMICALS

With our raw materials and end products for fiber, weaving, knitting, the denim sector, yarn/ fabric dyeing, we have a wide product portfolio that can be used in all stages of textile production, from cotton to yarn, to the finished garment. Thanks to our Eco-passport, Oeko-tex, Zdhc -Level 3, Gots 6 certified special chemicals and our fast documentation system, we are able to provide easy export convenience. In order for our customers to obtain the performance they want from their products, we offer all kinds of technical support with our expert staff in our R&D laboratory that we established to support the fabric dyeing and denim sector.

- **Pre-Treatment Materials**

Wetting Agents, Enzymes, Sequestering Agents, Stabilizers

- **Dye Auxiliaries**

Dispersing & Levelling Agents ,Washers, Fixing Agents,

Neutralization Acids, Anti-creasing agents, Anti-Foam Agents

- **Softeners**

- **Silicones**

- **Denim Chemicals**

Enzymes, Anti-Backstaining Agents

- **Finishing Materials**

Special Finishing Materials

- **Stiffening Agents**

- **Reducers (Acidic-Alkaline)**

- **Polymeric Products**

- **Main Chemicals**

### Stiffening Agents

Polikol KL (Solvent Stiffening Agent)  
Polikol KLP (Solvent Stiffening Agent)  
Polikol DK (Non-Permanent Stiffening Agent)  
Polikol CK (Permanent Stiffening Agent)  
Polikol CK 450 (Permanent Stiffening Agent)

### Reducers

Decop DR  
Decop KD  
Decop YT  
Decop NEW

### Polymeric Products

Ecopol DT  
Ionex TX 4500  
Ionex TX 5200

### Special Effects

Ecolith DLA (Used instead of pumice stone)

### Other Products

Gravit Yst (Filling Agents)  
Gravit Yes (Filling Agents)  
Triborex Elc (Anti-Statics Softeners)  
Act 19 (Activator For Permanganate)  
Ecoaktif Konz (Activator For Hypochlorite)  
Ecodye Krd (Powder Alkaline)  
Ecovis 100 (Combine Bleaching Agent For Viscose)  
Ecovis 300 (Bleaching Agent For Viscose)

### Main Chemicals

Heavy Soda Ash  
Aluminum Sulfate  
Ammonia  
Ammonium Chloride  
Ammonium Persulphate  
Acetic Acid 80% - 100%  
Acetone  
Caustic Soda Pearl  
Iron Sulfate  
Iron III Chloride  
Formic Acid 85%  
Phosphoric Acid 85%  
Glycerin  
Light Soda Ash  
Hydrogen Peroxide 50%  
Hydrochloric Acid  
Calcium Chloride  
Magnesium Chloride  
Methylene Chloride  
Oxalic Acid  
Caustic Soda Flake  
Polyvinyl Alcohol 17/88  
Potassium Permanganate  
Potassium Persulfate  
Rongalit C  
Liquid Caustic 48 BE  
Citric Acid  
Sodium Acetate  
Sodium Bicarbonate  
Sodium Bisulfate  
Sodium Hexametaphosphate  
Sodium Hydrosulfite 74%-88%  
Sodium Hypochloride  
Sodium Metabisulfite  
Sodium metasilicate pentahydrate  
Sodium Percarbonate  
Sodium Silicate  
Sodium Sulfate  
Sodium Thiosulfate  
Technical Urea

## **Pre-Treatment Materials /**

### **Wetting Agents & Grease Removers**

Aerowet SWA (High Wetting Agent)  
Ecowet LF (Wetting Agent)  
Ecowet LFO (Wetting Agent)  
Wetify ALD (Anionic Wetting Agent)  
Wetify CPR (Anionic-Nonionic Wetting Agent)  
Wetify JPR (Anionic-Nonionic Wetting Agent)  
Clenol ORC (Wetting Agent & Oil remover)  
Clenol ORC NEU (Wetting Agent & Oil remover)  
Clenol FRN (Wetting Agent & Oil remover)  
Clenol LKS (Wetting Agent & Oil remover)  
Clenol FRN-K (Wetting Agent & Oil remover)  
Clenol PSY (Wetting Agent & Oil remover)  
Clenol CF-S Wetting Agent & Oil remover  
Clenol SR (Wetting Agent & Oil remover)  
Clenol YS 101 (Wetting Agent & Oil remover)  
Combiwhite AIK (Combin bleaching agent)  
Combiwhite KSA (Combin bleaching agent)

### **Mercerized Wetting**

Wetify MRS (mercerized wetting)  
Wetify MRS 002 (mercerized wetting )

### **Amylase Enzymes**

Ecozym D-HTD  
Ecozym D-BL  
Ecozym D-HT  
Ecozym CHE

### **Anti-Pilling Enzymes**

Ecocel MCA (Neutral Cellulase Enzymes)  
Ecocel BNA (Acidic - Neutral Cellulase Enzymes)  
Ecopill Konz JTK (Acidic Anti-Pilling Enzymes)  
Ecopill AP 1203 (Neutral Cellulase Enzymes)  
Ecocel G-EN (Neutral Cellulase Enzymes)  
Ecocel G-AP (Acidic Cellulase Enzymes)  
Ecocel ZN (Neutral Cellulase Enzymes)  
Ecocel ACD (Acidic Cellulase Enzymes)  
Ecocel ACR (Acidic Cellulase Enzymes)

### **Enzyme Antiperoxite**

Ecoper KM (Catalase enzyme)  
Ecoper G-PE (Catalase enzyme)  
Ecoper G-HP (Catalase enzyme)  
Ecoper KMP (Catalase enzyme)  
Ecoper KPE (Catalase enzyme)

## **Sequestering Agents**

Ionex ACL  
Ionex AR  
Ionex ATP  
Ionex BF  
Ionex CRS  
Ionex CRH  
Ionex ESK  
Ionex YKT  
Ionex FC  
Ionex SB  
Ionex TD  
IONEX BLC

## **Stabilizers**

Inhibit STB  
Inhibit STC  
Inhibit FST

## **Dye Auxiliaries /**

### **Dispersing & Levelling Agents**

Easydye EDP  
Easydye PLM  
Easydye NPL  
Easydye PD-003

## **Retarder and Migration Preventer**

Easydye ARC

## **Machine Cleaning Agents**

Redinox MAC  
Redinox MS 2  
Redinox MS 3

## **Washers (Anionic- Nonionic-Polymeric)**

Redinox SA  
Redinox KSA  
Redinox TG  
Redinox ONE

## **pH Adjustment Agents**

Neutralis BY  
Neutralis BS  
Neutralis FTR  
Neutralis GL  
Neutralis KZ  
Neutralis LTA  
Neutralis ASD

Neutralis ZNP  
Neutralis YT  
Neutralis KZ  
Neutralis PAL  
Neutralis PDA  
Neutralis TN  
Neutralis VLR

#### **Fixing Agents**

Mitrafix NF  
Mitrafix BLU/ BLU CONC  
Mitrafix BCD  
Mitrafix FF  
Mitrafix PPT

#### **Anti-Creasing Agents**

Talkason P 100  
Talkason P 50

#### **Softeners /**

##### **Cationic Softeners**

Velasoft HC(Cationic Liquid Softener)  
Ecosoft KYM  
Ecosoft U1K  
Ecosoft Konz SR  
Ecosoft Konz SQ  
Velasoft HC CONC (Cationic Flake Softener)

##### **Nonionic Softeners**

Velasoft NS (Nonionic Liquid Softeners)  
Velasoft NS 2(Nonionic Liquid Softeners)  
Nephronon 202 V  
Velasoft NS CONC (Nonionic Flake Softeners)

#### **Silicones**

##### **Micro Silicones**

Linusil CK  
Linusil CLM  
Linusil HCS  
Linusil SN  
Linusil LV  
Linusil AKT  
Linusil SLP  
Linusil SLP EXTRA  
Linusil MS 7  
Linusil MS 8  
Linusil MS 9  
Linusil MS 150  
Linusil WS  
Linusil YD

#### **Macro Silicones**

Linusil DC  
Linusil MS  
Linusil MVL

#### **Semi Macro Silicones**

Linusil MCS  
Linusil MG  
Linusil MVS  
Linusil SMC

#### **Silicone for Pes**

Linusil PS  
Linusil NPS

#### **Silicone Softeners**

Fernasin KSL

#### **Hydrophile Silicones**

Linusil FSH  
Linusil ARK  
Linusil ELN  
Linusil NEON  
Ecosil HS-O  
Ecosil HS-O NEW

#### **Denim Chemicals /**

##### **Enzymes for Stonewash**

Ecostenox SPW  
Ecostenox PWR  
Ecostenox CSN  
Ecostenox 200 FF  
Ecostenox BTC

#### **Anti-Backstaining Agents**

Ecodis TT  
Ecodis ULTRA  
Ecodis 1002  
Ecodis HS

#### **Special Finishing Products**

Avilen LWE  
Avilen HVC  
Avilen HPC  
Avilen HWE  
Avilen PWS
